Dear Mr Weeks

I wish to comment on one aspect of FNB's charges. They say that the internet banking option is the cheapest, and indeed it is. That is, until you are forced to make out a cheque to someone. Whether the cheque amount is R10000 or R100, the charge for the transaction is R20. On a big transaction, that might be acceptable – on a small one, it is not.

Regards

Brian Ashton
