Subject: Bank charges

Thank you for the opportunity to voice my opinion on this matter. I believe I stand with many South Africans angry at the excessive, and I'm sure unwarranted, unjustified bank charges we have to pay. Like so many people I know have said, "What is the point of trying to have any savings when all the interest you may earn there goes to bank charges?"

I sincerely hope this investigation is genuine and that we can look forward to more affordable rates in the future!

Sincerely,

Mrs Karin Stewart
