Good day

Dear Mr Weeks , I am from Eskom , and am involved with banking institutions in the sense them being

our partner in terms of paying funds to our suppliers of goods and services, our staff and also

receiving funds from our various range of customers.

We are very dependant on the banking services and so are our customers. For them to have easy and

relatively cheap access for paying their monthly electricity bills, are crucial for us.

Based on a press statement dated 20 April 2006, it was indicated that a "Statement of Issues"

would be published.

We as Eskom would like to provide information to the Commission but would like to know whether

this " Statement of Issues " was published and if so, where we get hold of it.

Can you please provide with more details as well as a target date of when comments on these issues

need to be submitted.

Your feedback would be highly appreciated
